

NOW OFFERING ORAL SURGERY

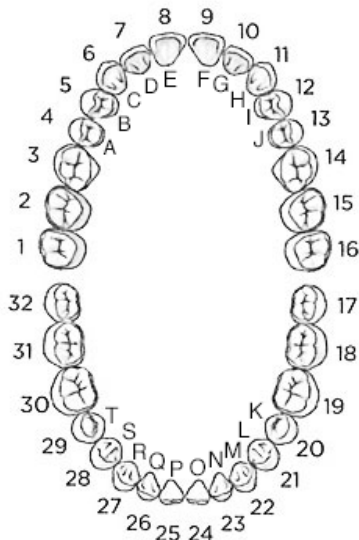

Dr. Jeremy Tarver has extensive experience in the field of oral and maxillofacial surgery. His educational background, professional experience, and dedication to continuing education significantly add to his commitment to clinical excellence and providing patients with the highest level of care.

After graduating from Georgia Institute of Technology with a Bachelor's degree in Engineering, and Howard University with his Doctor of Dental Surgery degree, Dr. Tarver completed his Oral and Maxillofacial Surgery Residency at Harlem Hospital. He worked for several years at private dental practices in Atlanta along with being an attending oral maxillofacial surgeon at Wellstar Atlanta Medical Center. In addition to being a Board Certified Surgeon, Dr. Tarver is affiliated with many prestigious local and national organizations and associations for specialized dentists. He is a member of the American Dental Association, National Dental Association, and Georgia Society of Oral and Maxillofacial Surgeons. He also serves the Dominican Medical Dental Outreach Society where he provides free services and surgeries to members of underserved communities.
